Johnny Boy

Abandoned on the streets near the Northern Ireland Cat Centre.

Has feline immunodeficiency virus (FIV) so this means he needs to be an indoor cat and can't live with other cats.

Chilled cat with a relaxed personality. Loves naps.

Thank you for virtually adopting Johnny Boy! In real life they've found their forever home, but there are many other cats coming into our care every day who need your help.

Through your donations you're helping to make a better life for abandoned cats in our care.
